

PRIMARY SECTION – GRADE I

HOME PLAN FOR 8 DAYS

1. Math

Please practice concepts related to the segments given below, by giving your children related sums on a daily basis:

- Simple addition of single digits.
- Simple addition of single digits, plus one.
- Drawing the hands of the clock correctly to display analogue time with any given digits.
- Giving practice of telling the time by drawing clocks with different timings shown.
- How to differentiate between tens and ones in a given 2-digit number.
- Rounding numbers between 10 and 100, to the nearest ten.
- Daily practice of times table.

2. English

- Reinforcement of Grammar concepts:
 - Compound words – word bank of simple words can be given to make children come up with new compound words.
 - Blending sounds – give the practice of basic blending in words like ‘dr’um, ‘fr’og, ‘br’ush, ‘gl’ove, ‘fl’y, ‘sl’eeep.
 - Giving practice of correct usage of the words ‘because’ and ‘so’, by making them fill blanks in statements.
 - Rhyming words practice through matching columns – this can be given by providing certain words to match in two columns; one column which has regular words (e.g. fell, fun, hot), and the other with the rhyming words (e.g. sell, bun, bought) with a random sequence.
- Simple comprehension practice can be given through any available resource.

- Handwriting practice can be given by providing four lines to write on.
- Reading any book of their choice aloud, for ten minutes daily.

3. Urdu

- Reading practice as per student's interest and ability.
- Write a few lines on 'Mera School'.

4. Tajweed

- Revise all the ayahs of the Surahs being memorized in school.
